A Letter from our Alumni President

Happy Holidays to All:

Where do I start? For those who missed Alumni Weekend, you really did miss out on a blessing, from the Vespers program to the Sabbath Sermon. I would like to give a special thanks to those who were behind the scenes before the weekend arrived getting things ready, especially Ann Goodge, John Robertson, and the other staff on location at Little Creek. They opened buildings, cleaned, washed, vacuumed, straightened, arranged, repaired, shopped, planned, ordered, cooked, supplied, stocked, etc. all in preparation for the arrival of you, the alumni. Interestingly enough is the fact that their work load is the same whether 5 or 500 alumni show up for the weekend. As with most events, the more the merrier.

I also want to thank the people involved with preparing and serving and cleaning up for the meals we enjoyed: Ann Goodge, Marty Gustin, Jack McNeilus, Stanford Straw, Lee & Ellen Dimick, Tony & Pam Yaccarino, Judy & Bruce Myers, Mike Slover, Pat & David Chapman, and Valerie Wilton. From the real mashed

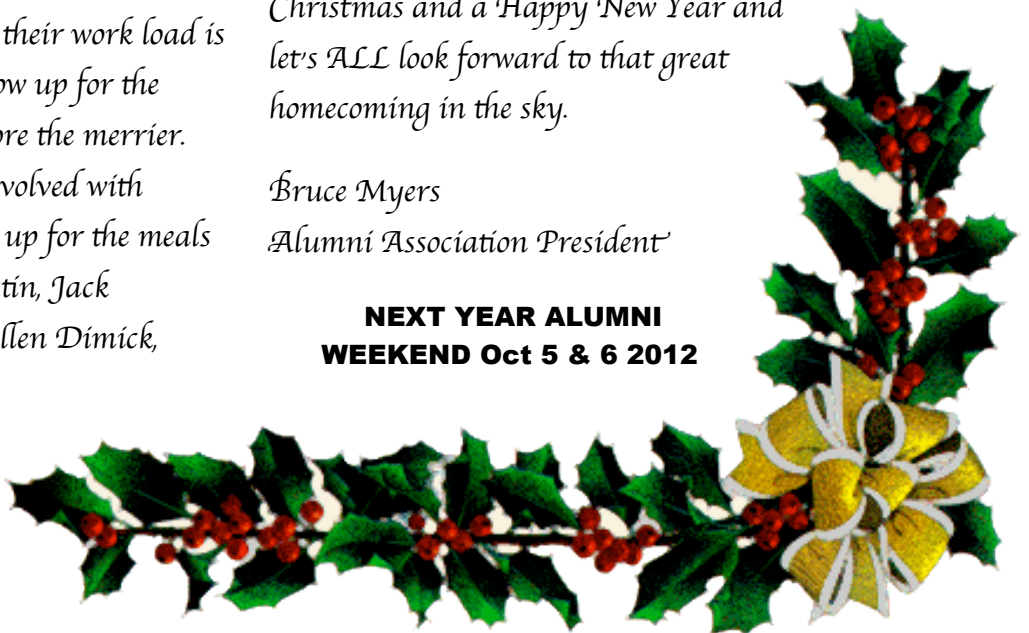

potatoes, to the fresh homemade cookies, applesauce, salsa, bread, granola, salad and sweet rolls we enjoyed it all!

Now comes the tough part. Over the past years funds have stopped coming in and the Alumni Bank account has hit rock bottom. We have tried to cut back on some of the things we do such as: we no longer mail out the newsletter, it is emailed to everyone that has signed up, we have cut some cost by some of the food that we are serving for the weekend, and this year as noted above, we used spouses and alumni to help in the kitchen. Per year we spend a little over 4000 dollars in the Alumni Fund. If you still would like to enjoy these things, I ask you to reach for that check book and write a CHECK out to **LITTLE CREEK ALUMNI ASSOCIATION** and drop in the mail.

I want to wish you all a Merry Christmas and a Happy New Year and let's ALL look forward to that great homecoming in the sky.

Bruce Myers
Alumni Association President

An Early Career off to a Stellar Start

The White House has named James L. Gulley, M.D., Deputy Chief in the CCR's Laboratory of Tumor Immunology and Biology as recipient of the Presidential Early Career Awards for Scientists and Engineers, the highest engineering professionals in the early stages of their independent research careers. Gulley was selected for using randomized, controlled studies to test novel, recombinant vaccines to reduce the progression of prostate and other cancers and to increase patient's survival.

This award has been given annually since President Bill Clinton commissioned the National Science and Technology Council to create it in 1996. Sixteen Federal departments and agencies, including the Department of Health and Human Services (DHHS), join together annually to nominate the most meritorious candidates. Awardees are selected for their pursuit of innovative research at the frontiers of science and technology and their commitment to scientific leadership, public education, or community outreach.

James L. Gulley '83 was one of 20 persons honored from DHHS, and one of the 94 recipients overall. The scientists and engineers selected received their awards in a ceremony on October 14 in Washington D.C.

DEATHS Dick Williams '64 passed away November 5, 2011 after a massive stroke. He was with Cobb County Fire Department in Marietta, GA for 25 years and started Georgia Cypress Log Homes. The Williams family lived at Little Creek from 1957 thru 1966.
